Adding Ed.Flicks videos to D2L

We recommend that you add Ed.Flicks videos as proxied links to your D2L site. Adding the Library proxy to a video URL will allow the film to be viewed both on and off-campus.

Steps:

1. Access Ed.Flicks from the Camosun Library website > Articles and Databases > Ed.Flicks Exchange Training Videos on Demand
   

2. Once you locate a relevant video, click on the title

8. Next, paste the Ed.Flicks video URL in the Insert Link box. At the start of the URL, add the Library’s proxy prefix: https://libsecure.camosun.bc.ca:2443/login?url=

For example:

Choose **Next**

Choose **Insert**

Choose **Publish**
